DETAILED ACTION

Claim Objections

1. Claim 12 is objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. Claim 12 fails to further limit the scope of the cations of parent claim 8.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 3, 4, 5, 8, 9 and 12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims 3, 4, 5 and 9 teach "selected from the group comprising" which is improper Markush terminology, since such selection could be made from compounds which are not listed within the groups, since the word "comprising" is used. Proper Markush terminology is "selected from the group consisting of" or other similar language (see MPEP 2173.05 (h)). The language cannot be open-ended to be able to include compounds not listed within the Markush group.

Claim 8 depends from itself, thus the scope of the claim and those dependent therefrom, are not clear.

3. Claims 1, 2, 6, 7, 10 and 11 are allowable over the art of record.

4. Applicant's amendment is deemed to be partially persuasive. Applicant has overcome the prior art 35 USC 103 rejection, in view of the amendment to claim 1 to teach the specified conductivity, and lack of polyvalent metal cations. As noted above proper Markush terminology is "selected from the group consisting of", and cannot be open-ended such as "selected from the group comprising" or "selected from the group consisting essentially of". The rejection under 35 USC 112 is thus maintained.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
